HOW THE TARGETS ARE SET

- **Jobs** follow the plan: 2 a month at launch, 3 through winter, 5 in spring, 6 in summer, 48 for the year.
- **Home visits** = jobs ÷ 40% close rate. **Leads** = visits ÷ 75% of leads who book. Both rounded.
- **Revenue** = jobs × \$4,500 average job.
- **Reviews** target about 3 in 4 installed customers leaving a Google review.
- **Every Monday**, check leads, visits booked, and ad cost per lead against this month's sheet.
